The play, written in 1941 by Noel Coward, is about an English novelist, Charles, played by senior Samuel DeMoya, who, in getting information on a play he is writing invites a medium to conduct a séance. However, the medium, Madame Arcati, accidentally conjures up the ghost of Charles's first wife, Elvira. Elvira then begins to wreck havoc on Charles and his new wife, Ruth. "Elvira was a very center of attention sort of character with an evil spin," said Breanna Bloom. However, things take a twist when Elvira, in an attempt to kill Charles so she can be with him, accidentally kills Ruth. "I loved when Elvira and Ruth become friends when Ruth becomes a ghost and we both gang up on Charles," said Laura Dolezal, who played the role of Ruth. And gang up, they did. The final scene was full of special affects, ranging from plants falling over to bookshelves callapsing within. Due to the new school calender, the play was pushed forward, so everyone involved had to do things faster than in previous years. Richard Snyder, the director of the play. "We only had 5 weeks of rehearsal so it was 'a bit' stressful, but in the end its a really good show." Neil Rippey played the very eccentric medium with his voice an octave higher and wearing a dress. The audience's response to this humorous addition to the play was, to no surprise, one of laughter. All in all, it was an excellent play. Provided by Christi Sessa (10), Edited for Yearbook.

In the spring of 2012 Richard Snyder and Mama (Susan Hepler Yoder) agreed that the Fall Play 2012 would be Blithe Spirit. Knowing the cast would be small, a second event was needed to give more experience to younger actors at GHS. At that point Mama had an idea to do a reader's theatre for First Fridays in December. She met with those in charge of FF and all agreed it was a WONDERFUL idea.

So, the plan to present, It's a Wonderful Life, was hatched.

The cast auditioned; calling students to read, sing, do sound effects, to play the piano and write and perform live commercials. Rehearsals began at GHS then moved in December to the "old" Goshen Theatre on Main Street downtown. The beautiful surroundings, dating back to the time of the play's time setting, was a perfect place for the students to present the Frank Kapra's beloved classic.

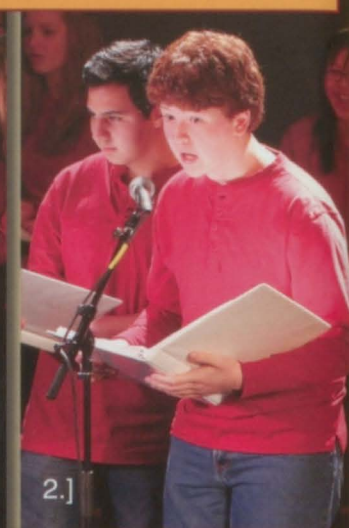

Besides developing the characters from the script to be believable by voice inflection, as in an old fashioned radio show, each student worked on setting to music a "live" ad for the sponsors of the production: Il Forno, Dutch Maid Bakery, The Electric Brew, Springer Design, and Judd Family Dentistry.

The fun and excitement of the Christmas season coupled with the sold out crowd for the First Friday event, gave the cast a high school memory they will never forget.

This year, Goshen High School had its Winter Snowball on January 19 from 8:30 - 11:30. GHS looked its best in the snowball theme. It was filled with good music, lots of dancing, and a lot of fun. DJ Sticky Boots had students dancing the night away and there were even a of couple dance offs.

Riley Dance

Paying it forward for people in need is not a new concept for GHS students. Katie Younghans, as dance chairman, took on the challenge of holding a dance to raise funds for the acclaimed hospital in Indianapolis.

75

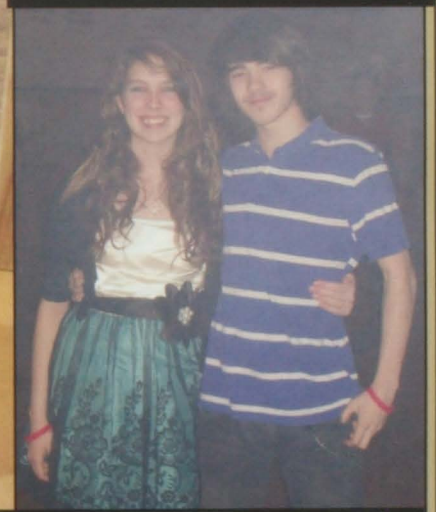

It was a casual dance and about one hundred and twenty-five people showed up which helped them raise over five hundred dollars that night. It was a great night filled with Fun Dance Offs and even a surprise Harlem Shake. Everyone had a great time and it was even better knowing you were helping someone who needs it.

Fiddler On The Roof

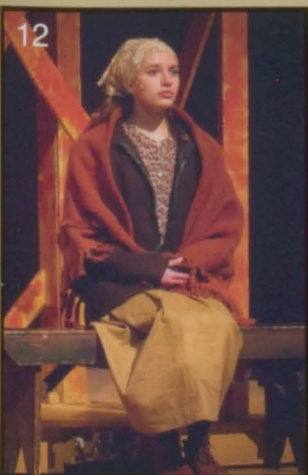

Fiddler on the Roof, considered one of the best American musicals of all time, hit the GHS stage in March. Marcia Yost, assisted by Susan Hepler Long, again brought a professional quality show to the stage. **77**

Richard Snyder, production manager, created a minimal set on a revolving stage to show the austere mood of Russia during the Holocaust years where Jewish towns and traditions were demolished. Snyder applauded the senior leadership including behind the scenes costumer, Melissa Stephen (sr), "It's been really unique in that we had a lot of handmade costumes, yamulkas and prayer shawls to create." (Under the direction of Sue Neeb costume mistress.) Susan Ellington directed the Pit orchestra. Caroline Garber and Stephen Snyder were on board this year assisting in many ways. Choreographer, Jennie Sophia (GHS class of 95), of Chicago brought on the Broadway moves.

Senior, Samuel DeMoya (Tevya) remarked, "It's been a lot of fun! On top of that, we researched the history of the Jewish culture allowing us to portray a people and a time period pretty alien from our own."

The show ran two weekends in March, playing to sell out crowds. The superb talents of seniors on the stage in many capacities made it a bittersweet production, as once again, the hand of time moves the beloved actors to new adventures with unforgettable memories.

On Friday, March 10th, a dodgeball game was held as a fun way to raise money for the sophomore class of 2015. This event took place in the Goshen High School's main gym. The fundraiser turned out to be a great success. Eight teams signed up to play and a crowd came to watch and support their peers. Some of the teams came dressed in matching attire to show whose side they were on. The Eliminators were the overall tournament winners. Mama's Squad was announced best dressed.

A Letter From Our Principal

Goshen High School continues to strive to be a premier learning institution in northern Indiana. The U.S. News and World report that ranked GHS as the 12th best high school in Indiana, and among the top 6% of high schools in the nation, highlights this success! But GHS is more than a number. There are many students who accomplish great things while they are here.

GHS provides a place for students to grow, not only as scholars, but as individuals. GHS is home to students who participate in philanthropic activities such as: The month of compassion food drive, rebuilding the tornado-ravaged town of Henryville, IN, organizing a special needs prom, ringing bells for the Salvation Army, promoting organ donation awareness, and providing support to the east coast victims of Hurricane Sandy. GHS students care about the world around them and they demonstrate that caring in a number of ways.

Along with providing opportunities for students to assist others, GHS provides a great place for students to be challenged academically. The expanding International Baccalaureate program is just one example of GHS student academic success. Before their high school graduation, over 42% of this year's senior class will have earned some type of college credit. Students may also choose to be involved in a number of career-related opportunities such as internships and mentorships. Additionally, students broaden their career knowledge and academic background by taking part in real-world applications such as: The Elkhart Area Career Center, GHS building trades, the Redskin branch of INTERRA credit union, building super mileage vehicles, and managing the "Red Zone" student book store.

GHS strives to be a school where each student can find their own unique calling. Truly a School of One!

The International Baccalaureate Diploma Program is a demanding, two-year program of curriculum and service that meets the needs of highly motivated secondary students. The Diploma Program offers a comprehensive and integrated approach to learning that prepares students for rigorous assessments in six subject areas during grades 11 and 12. Students must also complete a minimum of 150 hours in Creativity, Action, and Service activities, a 4,000-word essay of original research, and a Theory of Knowledge course. The International Baccalaureate Organization (IBO) awards its diploma to students who perform successfully on the six external examinations and fulfill all other requirements of the program at an authorized IB world school. It is recognized as the highest diploma currently offered by any high school in the world.

The English department believes the multifaceted study of English, which includes literature, speech, and composition, comprises the cornerstone of the students' overall education. Goshen High School believes that these skills greatly impact the future success of the students regardless of what their ultimate career choices may be. While recognizing that students learn at different levels and rates, the department affirms its responsibility to incorporate all elements of English study into every student's individual course work.

Student Publications consists of two sperate classes within the same period. Newspaper and Yearbook.

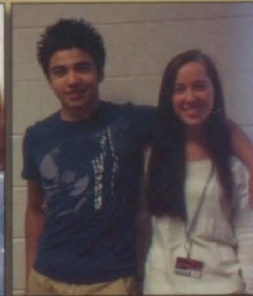

Newspaper, also known as The Tomahawk, covers issues and events occurring within a month time span. The class helps students develop a journalistic type of writing, while capturing all the fun and educational events throughout the GHS school year.

The Yearbook, also known as Crimson, spends the year creating a book full of memorable events occurring throughout the school year, which is delivered in the fall the following year. Yearbook is a fun yet educational class that allows students to get to know their peers by interviews, interaction, and covering events all throughout the GHS school year.

This year, Goshen High School once again planned and attended another trip to Stratford, Canada. This year, there were 20 students who attended, and claim that the experience was a phenomenon. While on the trip, they saw *The Matchmaker*, *Henry V*, *42nd Street*, *Much Ado About Nothing*, and *The Pirates of Penzance*. This makes an approximate of 30 years that Goshen High School has planned and attended Stratford. Mrs. Neeb explains that this year was a great year for students that attended because of how strong each play was. Mrs. Neeb also explained how truly grateful she was for each student who attended. She, as well as some of the other teachers that joined this year, claim that every student really appreciated the literature, and understood it really well - even the difficult plays. "During *Henry V*, students were moving to closer seats to get a better view of the play." Mrs. Neeb said "I thought it was amazing at how interested the students were in each play."

The GHS Science Department doesn't just believe in learning the fundamentals of Science, they also believe in opportunity. Goshen High provides many different Science courses to enable students to be well prepared for their future studies in their particular field of interest. The department strives for excellence by teaching diverse content information in all the areas it has to offer.

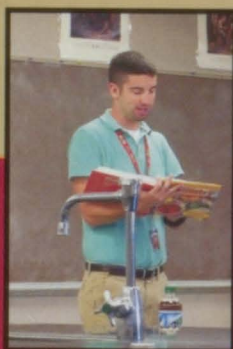

What do you love about teaching Science?

Mrs. Weaver: I love all the fun and interesting experiments we get to do.

What is Science to you?

Keisha Gaff(9): Science is hard, but you can only improve.

Define Science in your own words.

Mr. Weaver

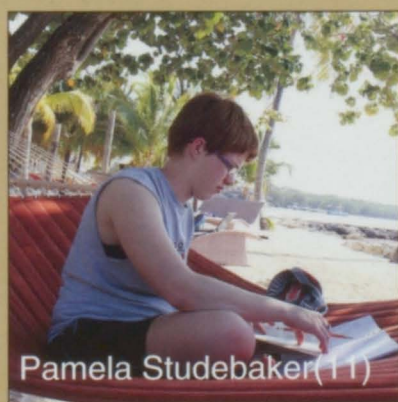

Sure, it's fun to go to Florida for spring break, but in this program the students and staff spend a week doing research, studying the marine organisms they find, keeping copious notes and learning, learning, learning. That's a much tougher schedule that requires dedication compared to the usual fun and frolic of a spring break trip.

This past spring break, Weaver was in the Florida Keys leading his marine biology trip for students. It was his 40th such undertaking. Big number anniversaries are worthy of celebration, but in this case we also marvel, as well as celebrate, that students and other GHS staffers have embraced this program for four decades.

English Learners is meant for hands on support to Spanish speakers. It's a safe enviroment to ask questions and get a better understanding of the English language. Students often engage in studying books, writing activites about what happened in certain books and journaling. One of the greatest rewarding aspects of teaching EL, is "seeing the light bulb go on", says Ms. Bishop. "When you reread a journal from their first to last day and see the growth and improvement."

Social Studies is the "integrated study of the social sciences and humanities to promote civic competence," as defined by the American National Council for the Social Studies. Though World History and Government are required classes for students to graduate, they find themselves enjoying the class and learning. The Social Studies department takes part in GTV's very own segment called "This Week In History" where Social Studies educators tell the student body what happened that week in history.

PACT stands for Peer Assistant for Caring Teens. It is a program where high school juniors and seniors have the opportunity to mentor local elementary school kids. Students go to all seven elementary schools and GMS. They usually do activities with their child such as: playing games, talking, reading, and eating lunch. The younger students being mentored usually have some sort of struggle with their family unit. Becky Boston has been in charge of PACT for the past nine years and claims it has been around for over 20 years. GHS students have a bond with their PACT buddy and miss their friend when the program is over.

The Pumpkin Drop, an event where people gather around to watch pumpkins plummet to see if the student created boxes can save the pumpkins. It is a fun competition run at GHS by Mr. Johnson and his design process class, which is held against the students from Fairfield. The purpose of the test is to see if the student constructed boxes could withstand the 50ft fall. Once that is done, they are put to the test with a 90ft fall. The height of the drops will be achieved with the help of firefighters and a firetruck. The students will test their understanding of safety in vehicles. The students who constructed the boxes tested them during S.R.T. The Pumpkin Drop started in 2006 and has been going and hopefully will keep going for as long as possible. On October 23rd the teams tested the boxes and one bucket. But none of the Goshen pumpkins inside boxes or buckets survived the 50ft fall. It was not one of the better days in Goshen pumpkin drop history...

The Industrial Technology Classes have been available for students for many years. They're a hands on learning experience that help students learn to create new things while opening their minds to further knowledge of the basic engineering principles and technical skills in support of industrial engineers and managers. The industrial technology classes have four teachers that include Brock Maust, JJ Johnson, Adam Young & Elroy Holsopple. Their Classes have very interesting creative information which will leave you with a new perspective on creating and building your own items while exploring the world of technology.

Super Mileage is a fuel efficiency competition that is held every year. Students from Goshen High School team up to design and construct vehicles that can obtain a high number of miles per gallon. They use science, technology, engineering, and mathematics to reach this goal. This year they traveled to Texas and Indianapolis to compete against other groups. Their goal this year was to reach 1000 miles.

The Vocational Building Trades Program combines the classroom instruction with on-site training. The class is offered in the morning and afternoon for three periods and is only to students who are juniors and seniors. Students are involved in the complete construction of a residential structure. The students build the home with no help from professional constructors (besides the cement work). The intentions of building trades is to develop construction skills, terminology, safety, and teamwork. Once the students finish the home they place it on the market to be sold.

The Goshen Crimson Marching Band had an amazing season this year. They were right on the red line of success by placing second at state finals, beating their rivals, and making GHS Marching band history. This year's marching band was the first in Goshen history to qualify for the BOA Championships.

Academic Super Bowl generally takes place in the spring. Each school is represented in the competitions by three to five persons on a subject area squad with as many as 30 students representing the school on various squads. Subject area rounds are held in Social Studies, Mathematics, English, Science, Fine Arts and one round of Interdisciplinary. Each subject area team attempts to answer 5 questions with one point given for each correct answer. The primary event that our teams compete in is the Northern Lakes Conference competition.

ATHLETIC TRAINERS

Matthew Williams, Mrs. Wohlford, Lauren Graves, Gabriel Polega

The athletic trainers program here at Goshen High School is called Goshen Sports Medicine. They give ice to athletes that are injured, they wrap injured areas and help athletes know how to heal their injuries the best way. They also help with rehabilitation and stretching once an athlete can start practicing again. This is a great program if you are planning on being in the medical field. You can be an Athletic Trainer by taking the Sports Medicine class here at the high school. The faculty advisors are Catherine Wohlford and Melanie Mickley.

SPECIAL OLYMPICS

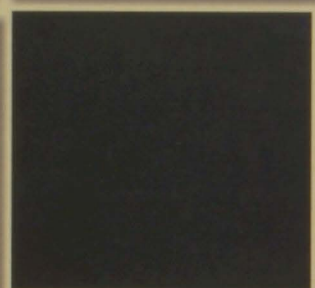

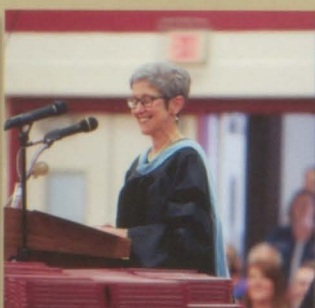

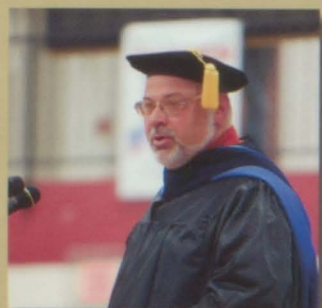

First Ever Olympics at GHS

Travis Pickard, a Goshen High School senior, came up with the idea for hosting the Functional Skills Olympics. He was inspired to put on the event after helping his dad, Goshen teacher Jim Pickard, with adapted weight lifting with the functional skills students and volunteering at the countywide functional skills prom held at Goshen High School. More than 50 area special needs students were at Goshen High School Tuesday, April 23, for a morning of races, throws, tosses and kicks at the Functional Skills Olympics. Students in the Elkhart County Special Education Cooperative's functional skills classes were invited by Goshen High School. Groups from Concord, Goshen and NorthWood high schools and ECSEC's young adult program, held at The Depot in Goshen, were at the event. The Olympics included 100-yard and 400-yard dashes, long jump, football kick and throw, bowling and ring toss. -Elkhart Truth

Oma Quintana

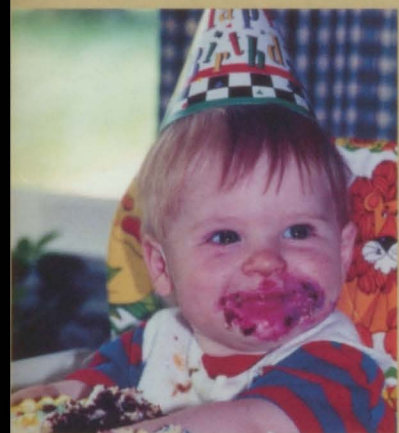

I am so proud of you as you graduate high school. As much as a mother raises her daughter, so does a daughter raise her mother. You have taught me so many things as I have watched you grow. From you I have learned the power of a tender heart as I have witnessed you quiet kindness to others of your life. Your teachers throughout grade school always remarked about your concern for the feelings of other children. You attract friends wherever you go, and you are loyal to them. You taught me how to find joy in the moment, and you have taught me about courage. There are new chapters for your life ahead. Each chapter has specific lessons that God, in his all knowing wisdom, sees that you must learn. Senior year is a year of letting go, when motherhood becomes a complicated mixture of pushing you forward and holding you back. I'm in your corner, your loudest cheerleader, and proudest mother -Love, Mom

The last 18 years have flown by even faster because you are our second child. You burst on the scene a little earlier than expected, but from that moment on, you have been our quiet, demur little "Sweet Pea." From the beginning you learned to share and take turns. You have for the most part been patient and accepting, yet never less important. When you were small, you never really found your voice until your sister went to school. Now finally all that you have worked for is coming to fruition. Graduation is only the beginning of the wonderful, promising life ahead of you. Now YOU are the protagonist. You are the maestro of your future. But don't lose yourself. Be the best YOU, you can be. Continue to be unpretentious and tolerant; caring and compassionate. Be patient and pensive. Compare but don't judge; and then, move forward with warranted confidence. Remember to stand firm in your faith. "For surely I know the plans I have for you, says the Lord, plans for your welfare and not you harm, to give you a future with hope." Jeremiah 29:11. Also remember that happiness is an attitude. As Linkletter once said, "Things turn out best for the people who make the best out of the way things turn out." Gosben High is losing a fine student, but TUPUT (and the world) is gaining a beautiful, one-of-a-kind, young lady. We wish you the greatest success in everything you choose to do. We have never been prouder of the young woman you have become and we will always love you so, so much!

*May the road rise up to meet you.
May the wind be always at your back.
May the sun shine warm upon your face,
and rains fall soft upon your fields.
And until we meet again,
May God hold you in the palm of His hand.*
